Title	**Alumni Talk**	
Department	Department of Information Science and Engineering	
Date	From: 08/02/2019	To:
Time	From: 10:00 am	To: 12:00 pm
Brief Description	Department of Information Science & Engineering organized an Alumni talk by Mr. Nirmal Dayaramani for the 6th semester students on 08th February 2019. The speaker Mr. Nirmal Dayaramani, is the Founder of Outdo Inc. and graduated in the year of 2010 from ISE Department, New Horizon College of Engineering.	
	The session started with the welcoming note and the introductory speech about the speaker by Ms. TejavathiHegde, student, 6th semester. Dr. R J Anandhi, HOD, Department of Information Science & Engineering addressed the students and emphasized the importance of the alumni talk.	
	The alumni talk was on "Entrepreneurship Development". The speaker started the session with his experiences in various jobs that he changed during his career. The discussion covered the impact of trending technologies in direct, indirect, unaffected and depletion areas. In direct areas the speaker concentrated on cloud computing, buzzword to service, artificial intelligence, no longer science fiction, product integration with machine learning, blockchain internet of things (IOT), driverless cars, smarter AI systems, security systems, greater demand invites greater threat, digital reality, AR/VR into mainstream audience	
	The presentation followed with the Q&A session by the students and perfectly addressed by the speaker.
