Brief Description

The Department of Information Science and Engineering in association with Indian Society for Technical Education, Computer Society of India and IEEE had organized a motivational talk on "Storytelling, the entrepreneur way " on 08/02/2024. The Guest speaker, Mr. Krishnav Dave was invited to conduct the same. The Speaker Mr. Krishnav Dave is founder and CEO of PreProd Corp. . He started the session by introducing himself and shared his professional experience. He briefly explained about his startup PreProd corp. He explained how his startup PreProd Corp enables us to build innovative data, analytics, AI and ML Ops pipelines.

He explained the market cap of top companies all over the world. He also explained how to have the proper vision by giving examples of founders and CEOs of top companies. Later he talked about how ideas often don't become real products and it will not reach the stage of production with failure rate of 85%. This happens because sometimes the ideas aren't checked well or the company doesn't have enough resources. So to make more ideas actually happen, it's important to have proper vision to make them a reality.

From this session participants gained valuable insights into the journey of bringing ideas to life in business world and learnt how to evaluate their ideas effectively to increase their chances of success.
