

## **EVENT NAME: CODING WORKSHOP**

DATE: 4-10-24

VENUE: ISE Dept, Lab-4

### **BRIEF DESCRIPTION OF THE EVENT:**

The Full Stack MERN (MongoDB, Express.js, React, and Node.js) workshop was conducted to provide participants with a practical understanding of how to build web applications using the MERN stack. The workshop aimed at introducing the core components of the stack, their integration, and how they can be used to develop scalable, responsive, and high-performance applications.

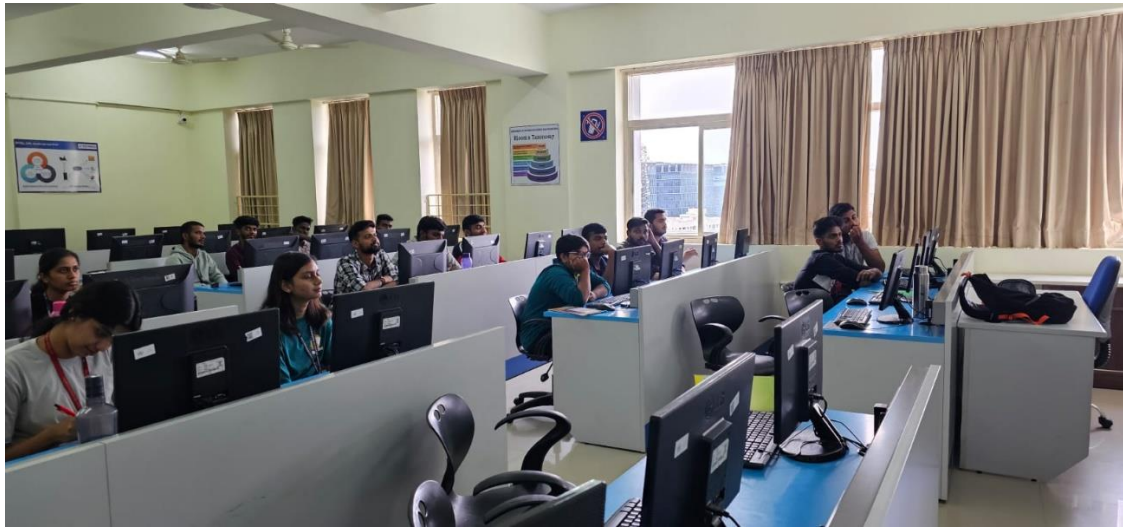

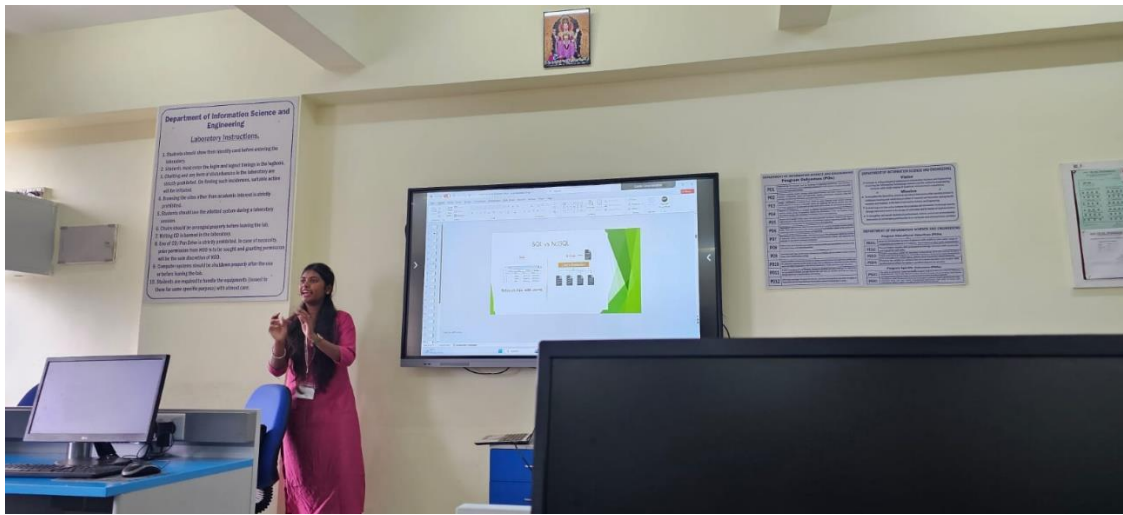

The primary objectives of the workshop were:

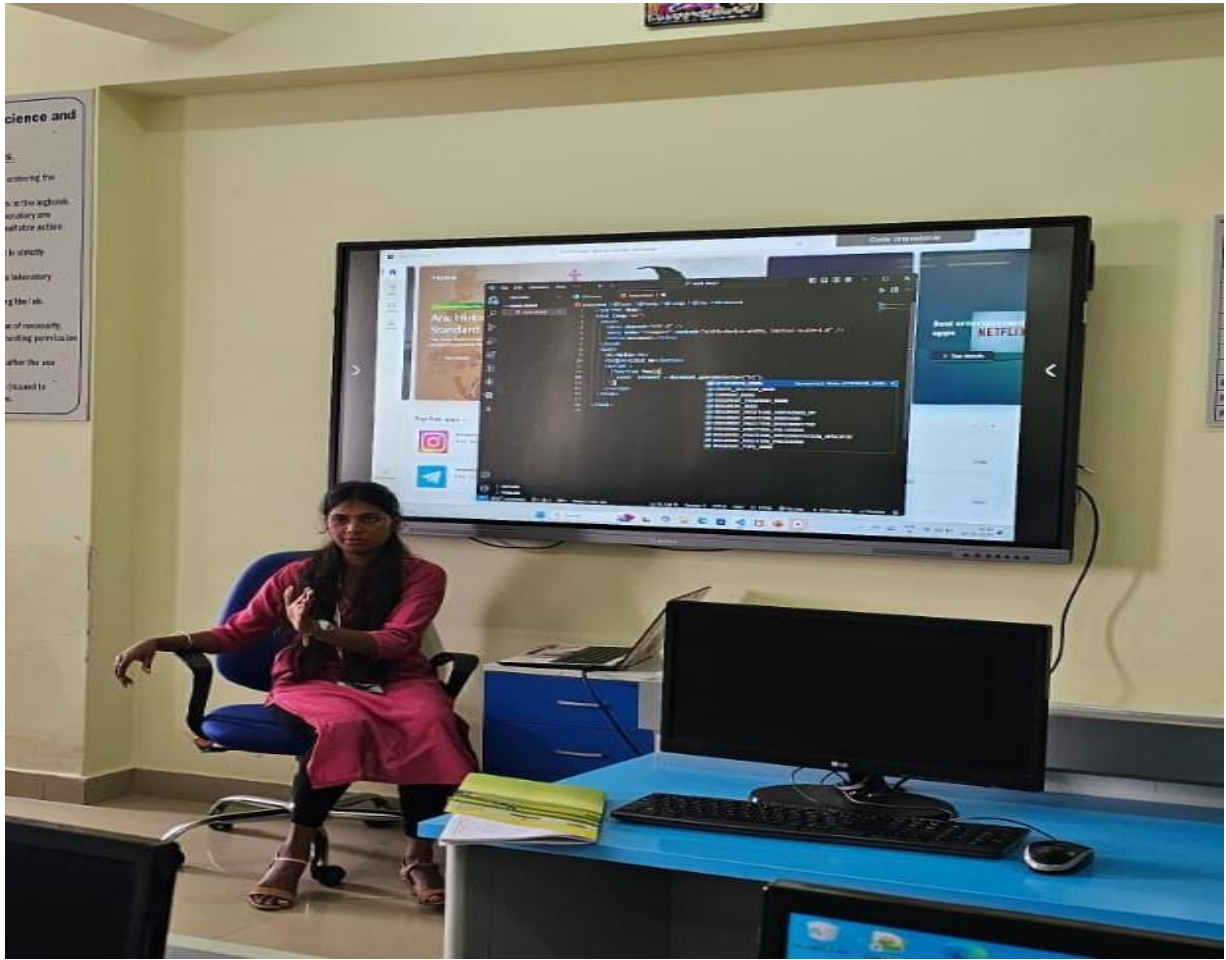

- To familiarize participants with the MERN stack architecture.
- To provide hands-on experience in building a complete application using MongoDB, Express.js, React, and Node.js.
- To help participants understand the deployment of full-stack applications.
- To encourage the adoption of industry-standard practices in web development.

NO. OF PARTICIPANTS: 32

GUEST DETAILS: Sri Devi J, CADD CENTRE, Bengaluru.
