

## **Stakeholders Feedback for the AY -2022-2023**

### **Alumni feedback:**

Alumni expressed satisfaction with the quality of education and its role in their professional growth.

- Suggested incorporating more industry-relevant skills in the curriculum.
- Recommended enhancing alumni networking opportunities through events and online platforms.
- Requested improved access to campus facilities for alumni (e.g., libraries, research labs).
- Encouraged mentoring programs for current students with alumni participation.

### **Employer feedback:**

- Employers appreciated the technical knowledge and adaptability of graduates.
- Highlighted the need for improved communication and interpersonal skills in new hires.
- Suggested adding specialized training programs aligned with current industry trends.
- Recommended including more real-world projects and internships in the curriculum.
- Emphasized the importance of fostering leadership and teamwork abilities.

### **Course Coordinators (Faculty) Feedback:**

- Course coordinators observed a positive response to recently revised course modules.
- Recommended continuous curriculum updates to keep pace with industry advancements.
- Identified the need for enhanced collaboration between departments for interdisciplinary learning.
- Emphasized the importance of providing additional training for faculty on emerging teaching methods.
- Suggested integrating more technology-enabled learning tools in classrooms.

### **Student Feedback:**

- Students appreciated the supportive faculty and access to learning resources.
- Requested more hands-on training and practical exposure in their courses.
- Highlighted the need for upgraded infrastructure, including labs and study spaces.
- Suggested organizing more extracurricular activities and workshops for holistic development.
- Expressed the need for better placement assistance and career guidance.

## **Action Plan for 2023-24 based on 2022-23 feedback summary**

### **Based on the Alumni feedback:**

Alumni appreciated networking efforts but suggested deeper engagement through mentorship programs and industry tie-ups.

#### **Action Plan:**

- Expand alumni mentorship programs, pairing alumni with students based on career aspirations.
- Create an Alumni Career Advisory Board to provide inputs for course updates.
- Launch alumni-led webinars on emerging industry trends and skills.
- Facilitate funding opportunities or partnerships through alumni for research projects.
- Strengthen the alumni portal with job postings, networking tools, and event updates.

### **Based on the Employer feedback:**

Employers acknowledged improvements but highlighted the need for better teamwork skills and technical specialization.

#### **Action Plan:**

- Introduce collaborative student projects with industry involvement to enhance teamwork.
- Provide specialized training in high-demand technologies and skills.
- Increase on-campus recruitment drives by inviting more industry leaders.
- Develop industry-oriented skill certification programs in emerging areas.
- Conduct annual employer feedback sessions to keep pace with evolving market needs.

### **Based on the Course Coordinator ( Faculty) Feedback:**

Course coordinators suggested increased interdisciplinary collaboration and faculty development.

#### **Action Plan:**

- Introduce interdisciplinary project opportunities across departments.
- Conduct advanced-level faculty development programs focusing on research skills.
- Enhance the curriculum to integrate real-world case studies and project-based assessments.

- Facilitate partnerships with institutions for faculty exchange programs.
- Establish a centralized repository for best teaching practices and resources.

### **Based on the Student Feedback:**

Students appreciated infrastructure upgrades but requested more industry exposure and extracurricular activities.

### **Action Plan:**

- Organize additional industry visits and hands-on workshops in collaboration with companies.
- Enhance the extracurricular calendar with new events and intercollegiate competitions.
- Provide advanced career counseling services, including personalized guidance.
- Implement regular student engagement surveys to capture real-time feedback.
- Expand scholarship and financial aid opportunities for meritorious and needy students.
