NEW HORIZON COLLEGE OF ENGINEERING

Autonomous College, Affiliated to VTU | Approved by AICTE New Delhi & UGC
Accredited by NAAC with 'A' Grade & Accredited by NBA

DEPARTMENT OF INFORMATION SCIENCE AND ENGINEERING

EVENT REPORT

Title	Creative and Curious Minds: A Day of Art and Learning
Department	Information Science and Engineering
Date	From: 24 April 2025 / To: 24 April 2025
Time	From: 09:30 AM / To: 12:30 PM
Brief Description	From the department, Ms. Neha Jadhav and Ms. Chandana M, along with 20 students from 4th semester ISE went to the **Jana Seva Orphanage**, Subramayapura, Bengaluru, to conduct an outreach program which included games and activities for kids. The event was a combination of fun activities with a meaningful donation drive, ensuring an enriching experience for all participants. The event featured a unique and amusing game, "Draw a Tail for the Cat" (Blindfolded)—where children, blindfolded, attempted to draw a tail on a cat illustration. This activity led to plenty of laughter and teamwork, creating a lively atmosphere. In addition, a drawing and coloring session provided children with an opportunity to express themselves artistically, helping enhance their imagination and fine motor skills. As part of our commitment to supporting Education, we further organized a stationery donation, ensuring children received essential resources to aid their learning journey. By providing books and stationery kits, we aimed to inspire creativity, encourage reading habits, and empower them with the necessary tools for their studies. The event was a great success, leaving a positive impact on the participants. The children enjoyed the activities, engaged with one another, and benefited from the donated materials. Their enthusiasm and joyful expressions reaffirmed the significance of such initiatives in shaping young minds.
