NEW HORIZON COLLEGE OF ENGINEERING

**DEPARTMENT OF INFORMATION SCIENCE & ENGINEERING**

# Workshop
on
# "Applied Machine Learning"

---

**Participants**: 6th Semester Students **Date:** 29-April-2025

## Brief Description of the Event

On April 29th, 2025, our institution hosted a workshop on "Applied Machine Learning" by Shriram Sankaran, IT Professional, Honeywell Technology Solutions. The primary objective of the workshop was to provide hands-on experience and theoretical understanding of Machine Learning concepts. It aimed to bridge the gap between academic concepts and real-world applications of Machine Learning in modern systems.

## Aims of the Workshop

The Machine Learning workshop is aimed at students in production-related areas to get a practical introduction to the topic of Machine Learning and identify the potential for real-time application.

## Hands-on Sessions

Participants had the opportunity to

- Explore with different types of distribution.
- Analyse real-time data using python.
- Explore topics based on hypothesis testing

## No. of Participants: 60

## Resource-Person Details

Mr. Shriram Sankaran, IT Professional, Honeywell Technology Solutions.
