Brief Description	<p>On 18th September 2025, the Department of Information Science and Engineering, New Horizon College of Engineering, organized a Social Outreach Program titled “Ignite Learning: An Outreach Program.”</p> <p>The initiative aimed at supporting education and spreading joy among the students of Government School, Ramanagar. The program included the donation of books and stationery items to the children, followed by fun-filled interactive activities that encouraged learning, creativity, and teamwork.</p> <p>Activities and Experiences</p> <p>Book and Stationery Distribution: Students of ISE donated essential learning materials such as notebooks, pens, pencils, and storybooks to support the children’s education.</p> <p>Fun Games and Activities: Engaging sessions like group games were organized to build confidence and teamwork among the school children.</p> <p>Motivational Interaction: ISE students interacted with the children, motivating them to study with dedication and dream big for their future.</p> <p>The donation provided children with much-needed learning resources. The activities brought smiles, confidence, and enthusiasm among the school students. The outreach strengthened the sense of social responsibility among ISE students. A strong bond of care and community engagement was fostered.</p> <p>Reflection and Conclusion</p> <p>The program was not just about donating books and stationery, but about igniting hope and confidence in young learners. The joy on the children’s faces during the activities reflected the true success of the initiative.</p> <p>For the ISE students, the event was a reminder of the impact small acts of kindness can create. It helped them appreciate the value of sharing, service, and giving back to society. As the event concluded, both the school children and college students carried home valuable lessons of compassion, gratitude, and the spirit of community.</p>
