

NEW HORIZON COLLEGE OF ENGINEERING

DEPARTMENT OF INFORMATION SCIENCE and ENGINEERING

PARENT TEACHERS MEETING ORGANISED IN EVEN SEM (VI SEM 2025-2026)

Report on Parent-Teachers Meeting

The Department of Information Science and Engineering, New Horizon College of Engineering, organised a Parent–Teacher Meeting on Saturday, 25th April 2026, at 10:00 AM in the department classroom C 523 for VI Semester, located in the Chhatrapathi Shivaji Block. The primary objective of the meeting was to provide a common platform for interaction between parents and faculty members, facilitating a constructive dialogue regarding the academic performance, discipline, and holistic development of students. The session aimed to strengthen the collaborative relationship between the institution and parents, thereby enhancing the quality of education and student engagement.

The meeting was conducted under the guidance of Dr. Vandana C. P., Associate Professor and Head of the Department, Information Science and Engineering. Faculty members, mentors, and parents of the VI Semester students actively participated in the meeting. The discussions were insightful and productive, focusing on strategies to improve academic outcomes, attendance, and overall student well-being. The department expressed its appreciation to all parents for their cooperation and valuable feedback, which will contribute significantly to the department's continuous efforts toward academic excellence and student-centric growth.

Parent Teacher Meeting (PTM)

Dear Parent/Guardian,
You are invited to the PTM on April 25th 2026
to discuss your ward's development.
Your presence will be greatly appreciated.

25th April 2026
 10:00 AM - 12 :00 PM
 C523
 6th Semester

We look forward to meeting you soon.

Coordinator
Archana Das
Assistant Professor

Convenor
Dr. Vandana C P
Associate Professor & HoD - ISE

The Agenda of the Meeting

- Welcome Address by Dr. Vandana C. P., Associate Professor and Head of the Department, Information Science and Engineering.
- Introduction of faculty members to the parents.
- Brief introduction to the Department, highlighting its vision, mission, and academic objectives.
- Overview of various student-oriented activities and institutional schemes designed to promote holistic student development.
- Presentation on Programme Outcomes (PO) and Course Outcomes (CO) Mapping to explain the academic and assessment framework.
- Discussion on students' academic performance and marks, focusing on progress, attendance, and areas of improvement.

- Recognition of student achievements, including Hackathon winners and other notable accomplishments.
- Discussion on the importance of academic and projects, emphasising innovation, teamwork, and practical application of knowledge.
- Overview of placement statistics and career preparedness initiatives undertaken by the department.
- Parent feedback and suggestions regarding academic and co-curricular activities.
- Parent–Teacher Interaction session for personalised discussion on student progress.
- Hi-Tea and informal networking session to conclude the event.

The Programme was carried out as per the schedule

The Class Teachers provided an overview of the key highlights and distinctive features of the Department of Information Science and Engineering. The presentation encompassed detailed insights into various aspects of departmental functioning and accomplishments, which included the following:

- Teaching–Learning Highlights emphasising the adoption of innovative pedagogical strategies and the pursuit of academic excellence.
- Co-curricular Learning Initiatives designed to enrich student engagement and foster experiential and application-oriented learning beyond the prescribed curriculum.
- Departmental Achievements and Recognitions presenting significant milestones and honours attained during the academic year.
- Student Achievements reflecting excellence in curricular, co-curricular, and extra-curricular spheres.
- Industry–Institute Interaction initiatives aimed at strengthening collaboration with industry for internships, live projects, and competency development.
- Student Placement Details illustrating successful recruitment outcomes and the breadth of career opportunities secured by graduates.
- Department Infrastructure showcasing well-equipped laboratories, contemporary learning spaces, and advanced technological resources.
- Events and Club Activities (2025–26) organised to cultivate leadership qualities, innovation, and teamwork among students.
- Expert Talks and Workshops (2025–26) conducted to provide exposure to emerging technologies, current industry practices, and professional insights.

Parent Interaction:

The meeting was attended by parents of the VI Semester students. During the session, Class Teachers engaged individually with each parent to discuss their ward's academic performance, regularity, behaviour, and overall discipline within the department. The interactions facilitated a constructive dialogue, fostering a better understanding between faculty and parents regarding student progress. The parents expressed their appreciation for the initiative and conveyed their gratitude to the department for organising the meeting. Many also suggested that such sessions be conducted regularly to maintain ongoing communication and support for student development.
